Make your **FIRST IMPRESSION,** An Extraordinary **IMPRESSION**

Alstone has proved its mettle time to time with its unique products like a product that defies the limitations of contemporary and traditional thinking. With Alstone chaukhat , it's an apt tagline when we say

Alstone WPC Door & Window Frames which are popularly known as Chaukhat are revolutionary product manufactured with wood polymer composite products. It is 100% waterproof, 100% termite Proof, 100% Fire retardant, distortion resistant, and have great adaptability to the outdoor conditions. These Door Frames are an assured game-changer, which have transformed the fate of Door frames. It is suspected that this alternate product will emerge as the most appreciated one in future. It is a life time substitute for wooden timber chaukhat.

Alstone WPC Door & Window Frames are suitable for bathroom, kitchen, bedroom, offices, villas, hospitals, schools. These combine the advantages of timber and plastic in one, along with reducing the need for repetitive and wasteful maintenance. WPC is desirable also because it reduces attention and money needed to be spent on repairs.

ALSTONE
ADF DOOR FRAME

ALSTONE HD DOOR FRAME & WINDOW FRAME

A Door Frame is the first thing that we see when we enter our homes, offices or any other public or private place.

Average Indian requires 4 to 5 fully grown trees for making Doors and Window Frames.

Should we cut trees for making Doors & Window Frames?

Yes

We must have trees for our survival as we also have a better option than wood for making Doors and Window Frames.

Alstone WPC Chalkhat
