

AQUAFLUSH CONCEALED
CISTERNS

SPACE-OPTIMIZING WC CONCEALED CISTERNS

For the first time ever, Hafele introduces a unique solution for WC units in the form of concealed water cistern that not only provides international functionality but also enables flexible and space-saving design possibilities within contemporary bathrooms. The entire cistern is ably concealed behind one of the lavatory walls with only a Flush (or actuator) plate visible on the front – thus keeping the modern and elegant look of a bathroom intact. The available space above the WC unit can be used to create artistic wall renditions that complement the overall design of the bathroom.

AQUAFLUSH MECHANICAL CONCEALED CISTERNS

AQUAFLUSH M01

AQUAFLUSH M01

Article No : 588.73.910

FEATURES:

- Thinnest design (80mm thickness), best suited to Indian Households.
- Long service life – Tested for more than 2,00,000 cycles.
- Smooth operation, powerful flushing.
- Top quality tank material (Grade 16 - HDPE).
