

PREMIUM Bathroom Solutions

Water Sense Technology integrated within helps save 20% more water as compared to the volume of water consumed in normal day to day operations

Low Operational Noise Level

Flawless water flow quality even under difficult flow conditions

Finish : Polished Chrome

BRASS

All ranges of Premium Bathroom products are characterized by the use of finest quality raw materials. The brass metal used for casting, forging & mechanical operations contains a very low percentage (<2%) of lead

CHROME PLATING

The quality of the coating on surfaces is very important to guarantee the working life of the product in order to obtain a perfect result. All galvanic processes are completely carried out inside the factory, using modern technologies being continuously updated. The depuration plant is connected to the manufacturing machinery and uses “zero waste” methods this reducing the environmental impact

CERAMIC CARTRIDGES

The ceramic cartridges used in Premium Bathroom products meet the requirements of the most important international standards such as EN, NF, ASME, ASSE, CSTB, AS/NZS 3718 & the parts in contact with water are approved by DVGW, WRC, NSF, KIWA et ACS. The 35 & 40 O cartridges are equipped with double control device of flow rates & temperature, enabling the consumer to adjust flow & temperature parameters according to his needs in order to save energy and resources

WARRANTY

Hafele offers a 10 year warranty* on Premium Bathroom products against faulty workmanship and manufacturing defect from the date of invoice

*T&C Apply

CERTIFIED QUALITY

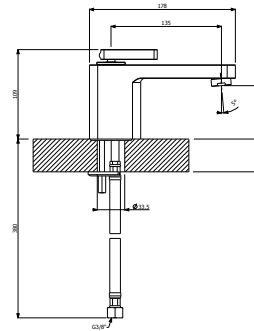

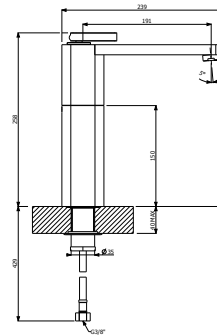

MAGIC
