The ultimate in showering indulgence.

Your bathroom is not just any old place – it is your very own feel-good haven. A living space fitted and furnished in accordance with your exact needs. Maybe with cosy seating, silky soft blankets or cushions to lie back and lounge around on. Your bathroom is the place where you can focus on limitless relaxation. And this unforgettable moment also includes a shower precisely tailored to your needs. A special shower that enables you to completely let go and enjoy the here and now. Thanks to its innovative spray surface, which curves inwards slightly, the water jet does not hit the person's head and shoulders from above like a conventional shower would. It gently envelops your body like a coat made of a thousand droplets.

HELPFUL IN EVERY WAY:

Choose the perfect hand shower for your needs from two variants.

STOP CARRYING THE WEIGHT OF THE WORLD ON YOUR SHOULDERS AND RELAX:

The new shoulder shower with integrated shelf for an innovative, enveloping shower.

SET YOUR OWN RULES:

Rainfinity can be set to tilt at an angle between 10° and 30°, using the ingenious wall connection. Find your most comfortable showering position, or keep your hair and face dry while your body is drenched in water.

EXQUISITE DESIGN:

The tilted angle and lack of conventional shower arm transforms the Rainfinity overhead shower into a bold statement in modern bathroom design.
