We are one of the distinguished manufacturers, exporters, importers and suppliers of a massive compilation of Architectural Hardware. Our range is applauded for its tough construction, dimensional accuracy and durability.

About Us

Established in the year **1988**, we, "**Mukund Overseas**", an **ISO 9001:2008** certified company that is involved in the domain of manufacturing supplying, importing, trading, distributing and exporting an extensive assortment of Architectural Hardware. Our products range are Brass Hinges, Window & Door Handles and Stainless Steel Hinges. The range made available by us is manufactured using excellent quality stainless steel and brass that is sourced from most trustworthy and reliable vendors of the market. Owing to their fine finishing, high tensile strength, dimensional accuracy, corrosion and abrasion resistance and easy installation these products are widely demanded by builders, architects and interior designers.

A multifaceted infrastructure facility is developed by us in order to carry out the business operations in a swift manner. This facility is armed with advanced technology and latest machines that are essentially required in the production process. We have also constructed a capacious warehousing unit to store the manufactured range in a safe manner. Proper labeling and segmentation of this unit has been done for storing the range in a systematic manner. Moreover, we have employed a diligent team of professionals that helps us in offering an impeccable array of products. Our researchers regularly arrange varied surveys and market searches to improvise the offered range. Post-production, the quality controllers appointed by us...
