PIERO

Piero-L , Piero-S , Chiara 90 Translucent White with LED

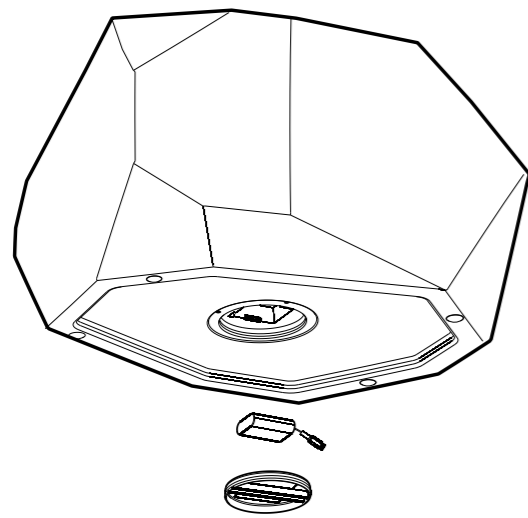

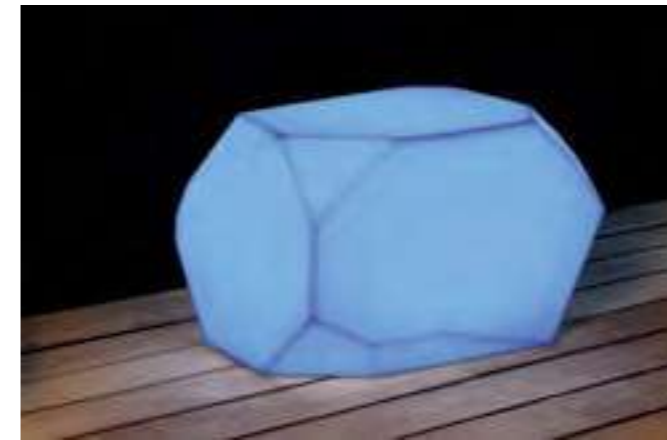

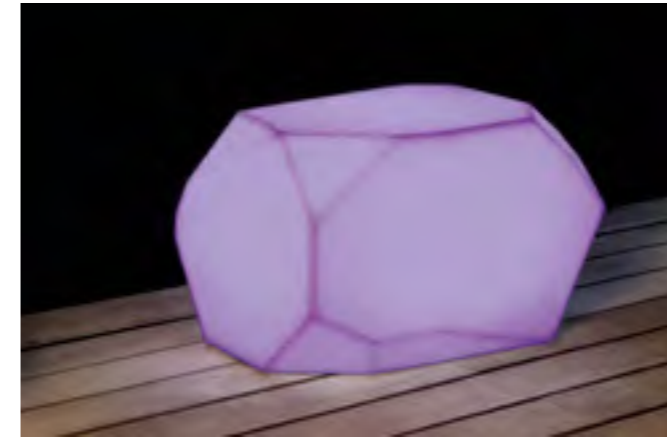

Clockwise from left : Piero Lava Black, Exotic White, Baltic Brown, Exotic White, Baltic Brown

## PIERO (Pee-ae-ro)

Piero means "stone". Designed keeping versatility as its primary function, the Piero can be used as seating or a table. It is simply beautiful and elegant in all its forms – solid colours, stone textures or illuminated. Place it around lawns, courtyards, gardens, terraces, pool side, or even indoors – it has no sharp edges and is very comfortable to sit on. The Illuminated version comes with an inbuilt rechargeable battery, making it easy to place without the worry of wires and plugs.

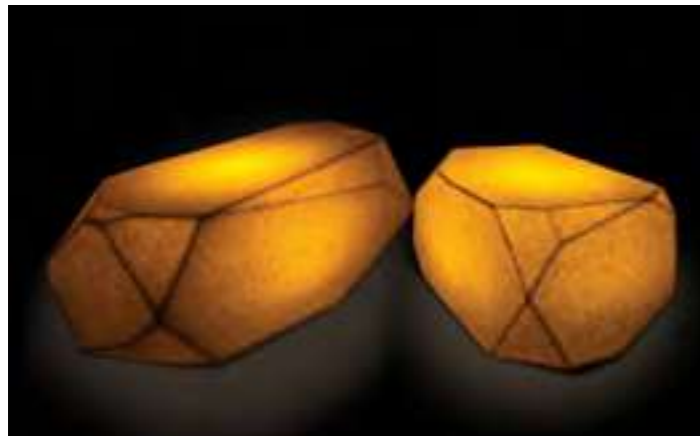

Pieros come with in-built Li-Ion rechargeable battery and chargers. RGB mood lighting models are supplied with RF remote to change colours.

Piero-L, Piero-S Translucent White with and without LED

Piero-L, Piero-S, Chiara 90 Exotic White with and without LED

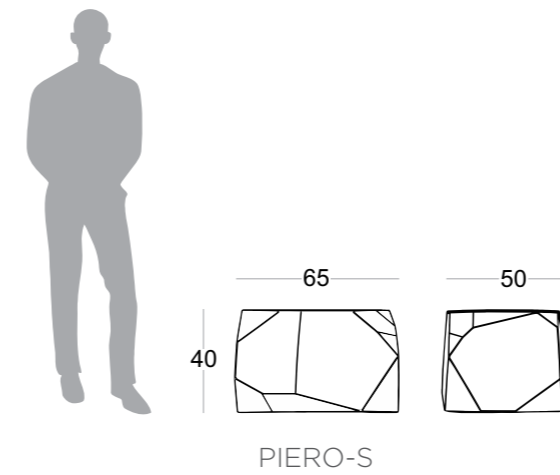

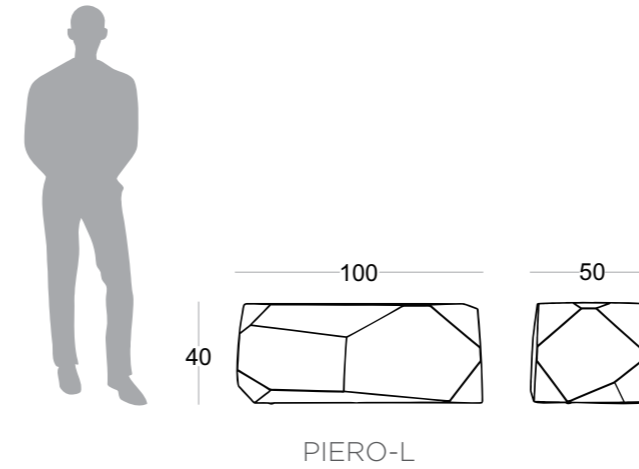

Piero-L, Piero-S Baltic Brown with and without LED

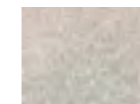

Available in translucent, Exotic White, and Baltic Brown finishes. Piero looks great in the day and night with or without illumination.
