

CONUM

An exceptional designer piece for the bathroom, with delicate and solid elements combining to produce a sculptural overall appearance. The conical style exudes a dynamic elegance that never ceases to fascinate and lends the bathroom a unique character. The precise and uncompromising design is matched by a quality of workmanship showcasing the highest premium standards.

Design and features

- + Combination of various exquisite design elements without parallel on the market
- + Gliding action avoids the need for a gap at the base of the lever ensuring premium design right down to the last detail
- + Laminar aerator provides a virtually splash-free jet of water
- + Laminar jet minimises aerosols for hygienic use of the tap fitting
- + Simple, modern installation without additional rosette
- + Can be combined with a broad range of premium ceramics collections
- + Design by Christian Haas
