

VICLEAN-I 100

Ingeniously discreet. Refreshingly pleasant.

With ViClean-I 100, Villeroy & Boch has created a shower toilet whose revolutionary design is a continual source of pleasure. Its refreshingly elegant exterior conceals a high-quality shower toilet integrated almost invisibly within the ceramic, to bring you the gentle cleaning experience of fresh water.

Unique and elegant design

- + Elegant lines with a flat lid
- + Precise workmanship with added quality thanks to the combination of high-quality materials (Ceramic - Quaryl® - Duroplast)

Focuses on what really matters – cleansing with warm to hot water

- + HarmonicWave shower technology - oscillating and rotating movements combined for the first time to treat you to a pleasant clean feeling and invigorating freshness
- + Individual adjustment of the water temperature, water flow and shower nozzle position
- + Very simple and intuitive to use

Maximum hygiene as easy to clean

- + InvisibleJet technology - the shower nozzle is perfectly integrated into the Quaryl® panel, making it hygienic and easy to clean
- + Automatic cleaning of the shower nozzle
- + Rimless DirectFlush toilet with dirt-repellent CeramicPlus surface
- + The toilet seat ring can be easily removed to be cleaned

Improved handling and efficient maintenance

- + Integrated mounting aid in the packaging ensures quick and easy installation
- + Intelligent maintenance concept thanks to fault diagnosis via the app and easy access to the technical components via the service box
